NINJA

Many centuries ago, the Gray Ninja stole the statue of Jozen away from their arch enemies, the Kubuto Ninja Clan, and installed it in the Temple of Sharlooon.

Over the years, many attempts were made to return the statue, but to no avail.

Now you have been chosen to try where all others have failed

Your only assistance is a clue said to be hidden in a poem written in the Fifth Century by the poet Shimito.

Now as you enter the dark Dragon Head Forrest, deep within Gray Ninja Territory, you wonder if you have made the correct decision.

Well my friend, you'll need all your skill and cunning to survive this one.
